MEMORANDUM FOR THE DEPUTY DIRECTOR (PLANS)

SUBJECT: CIA Representative on "Post-██████████" Committee

25X1A2g

1. Following up on the ██████████ Exercise, General Cutler has just set up a working committee to draft a fundamental policy paper for the Council. This paper would take into account the ██████████ Task Force Studies, and would supersede NSC 153/1.

2. General Cutler has now decided to get ahead with this during the next three weeks, with a view to having a draft in the Planning Board by early September. Bob Amory, who has handled ██████████ throughout, will be away for the next three weeks. Before he left, I asked him about a replacement and he said that he had thought of ██████████. However, I find ██████████ as yet knows nothing about this. Did Bob speak to you about having him do it? If not, how do you feel about it?

3. The group will include ██████████ General Gerhart, ██████████ General Lemnitzer and General McCormack. It will probably have to meet about twice a week for the next three weeks, and ██████████ or whoever, would have to read into past papers and into the summary, at least, of the ██████████ Exercise. I would be prepared to lend all possible assistance in these respects during this week, and to attend the initial meetings myself.
